

# Illumina MiSeq™

# Illumina HiSeq™ 2000

# We provide ...

Life Tech Ion Torrent™

# Next-Generation Sequencing Services

#### Benefits:

- Comprehensive start-to-finish project management and applications support
- Increased cost-per-base efficiencies
- Bar coding for multiple-sample runs
- Customised bioinformatic capabilities
- Fast turn around time

### **Applications:**

- Amplicon Sequencing
- RNA Sequencing
- Deep/Targeted Sequencing
- SNP/Variant Genotyping
- Microbial ID & Metagenomics
- De novo Sequencing

Please contact us at csr@primasci.com or call us at (02) 435-7434 for more information

\* Ion Proton service will be available soon
